## Monthly Distribution Date Statement

### Definitions

The following metrics apply to Quarterly Reporting only:

(A) “Tenant’s Sales per Square Foot” is not a measure of the Trust’s financial performance and is provided solely for investors’ informational purposes based on the information that the Trust receives from the Tenant. This measure of operations is derived from sales information reported to the Trust by the Tenant in accordance with the retail master lease and/or distribution center master lease (each, a “Master Lease”), as applicable. The Trust and the Manager do not have the ability to verify the calculation of this information. The calculation of this information by the tenant may be different than how similar measures of operations might be calculated by others. Finally, the Trust is unable to reconcile “Tenant’s Sales per Square Foot” to a comparable GAAP financial measure because no reconciliation is provided for in the applicable Master Lease. Therefore, investors should be cautious about relying upon “Tenant’s Sales per Square Foot.”

(B) “Tenant’s Four-Wall EBITDAR” is not a measure of the Trust’s financial performance and is provided solely for investors’ informational purposes based on the information that the Trust receives from the Tenant. This measure of operations is calculated in accordance with the [Master Lease] and is reported to the Trust by the tenant in accordance therewith. The Trust and the Manager do not have the ability to verify the calculation of this measure of operations. In addition, the calculation of “Tenant’s Four-Wall EBITDAR” in accordance with the applicable Master Lease may be different than how similar measures of operating statistic might be calculated by others. Finally, the Trust is unable to reconcile “Tenant’s Four-Wall EBITDAR” to a comparable GAAP financial measure because no reconciliation is provided for in the applicable Master Lease. Therefore, investors should be cautious about relying upon “Tenant’s Four-Wall EBITDAR.”

### **Narrative Report**

The following discussion, which presents results for the first quarter, should be read in conjunction with the accompanying Consolidated Financial Statements and notes thereto. Unless otherwise indicated, all references in Narrative are as of the date presented and the Company does not undertake any obligation to update these numbers, or to revise or update any statement being made related thereto.

#### First Quarter Update

During first quarter of Fiscal 2024, JCPenney remained committed to serving America's hard-working families and advancing its transformation agenda. With continuing economic pressure weighing on discretionary income for middle income Americans, the Company focused its efforts on creating a more rewarding shopping experience while continuing to provide quality, affordable fashion and merchandise. Marketing collaborations during the period included an iHeart Radio Country Festival supporting the launch of a Walker Hayes apparel collection and an in-store 3-point shot contest with Shaquille O'Neal to promote the launch of the new rewards campaign announced late in the quarter. The relaunch of the Company's rewards program in late April allows customers new and faster ways to earn reward certificates and early results indicate a favorable response from customers. As a result of these and other marketing efforts, the Company saw an improvement in organic brand search volume trends on google search, drove double digit increases over prior year in rewards members and reported improvements in Net Promoter Scores.

Although overall sales remain under pressure, specific categories of merchandise continued to outperform and exceeded planned results. Overall Women's business was strong, particularly in the areas of apparel, handbags, and shoes. Customers continued to seek the quality and value provided by the Company's private label brands Liz Claiborne and J. Ferrar, with both brands posting strong results and exceeding the Company's first quarter expectations. Continued emphasis on greater availability of inclusive sizing resonated with consumers and all areas of inclusive sizing (big and tall, plus, and petite) outperformed during the period. Overall, the Company's gross profit rates were flat to last year. Improving inventory efficiency remained a key area of focus and as a result, inventory was down 9% to last year.

Selling, general, and administrative costs held flat year-over-year as the entire organization continues to drive greater efficiencies and reduce discretionary spend to offset ongoing sales pressure. Savings were achieved through lower store expenses, lower overall ecommerce expenses, and lower credit expenses. Credit income declined over last year, as a direct result of lower participation income and lower gain share from the profitability of the underlying portfolio.

During the quarter, the Company used cash of \$163M primarily to fund seasonal purchases of inventory and capital expenditures of \$52M for projects aimed at driving long-term growth of the business. The Company reported negative EBITDA of \$3M reflecting the impact of the sales declines that were mostly offset by margin improvement and ongoing cost saving efforts of the Company.

The Company continues to prioritize maintaining a very healthy balance sheet with significant liquidity of approximately \$1.6B as of the end of the period. The Company has less than \$500M of outstanding long-term debt and as of the end of the period had no outstanding borrowings on its line of credit.

**(Unaudited)**

**1. Basis of Presentation and Consolidation**

These Consolidated Financial Statements (Unaudited) have been prepared in accordance with generally accepted accounting principles in the United States. The accompanying Consolidated Financial Statements (Unaudited), in the Company's opinion, include all material adjustments necessary for a fair presentation and should be read in conjunction with the Audited Consolidated Financial Statements and notes thereto for the fiscal year ended February 3, 2024. The same accounting policies are followed to prepare quarterly financial statements as are followed in preparing annual financial statements. A description of such significant accounting policies is included in the notes to the Audited Consolidated Financial Statements.

The Consolidated Financial Statements (Unaudited) present the results of the Company and its subsidiaries. All significant inter-company transactions and balances have been eliminated in consolidation. Certain amounts may have been reclassified to conform with current year presentation, if necessary.

The company is currently impacted by uncertain economic conditions. Because of these uncertain economic conditions and the seasonal nature of the retail business, operating results for interim periods are not necessarily indicative of the results that may be expected for the full year.

***Fiscal Year***

The Company's fiscal year consists of the 52-week period ending on the Saturday closest to January 31. Every sixth year, the Company's fiscal year consists of 53 weeks ending on the Saturday closest to January 31. As used herein, "three months ended May 4, 2024" refers to the 13-week period ended May 4, 2024, and "three months ended April 29, 2023" refers to the 13-week period ended April 29, 2023. Fiscal 2024 and 2023 consist of the 52-week period ending February 1, 2025 and the 53-week period ending February 3, 2024, respectively.

As of May 4, 2024, the Company had \$1.52 billion available for borrowing with none outstanding and \$0.17 billion reserved for outstanding standby letters of credit. After taking into account minimum availability requirements, the Company had \$1.20 billion available for future borrowings.

#### **4. Litigation and Other Contingencies**

The Company is subject to various legal and governmental proceedings involving routine litigation incidental to its business. While no assurance can be given as to the ultimate outcome of these matters, the Company currently believes that the final resolution of these actions, individually or in the aggregate, will not have a material adverse effect on results of operations, financial position, liquidity or capital resources.

#### **5. Subsequent Events**

The Company has evaluated subsequent events from the balance sheet date through June 18, 2024, the date at which the financial statements were available to be issued.
